A high percentage of America's teens are unchurched. They have never heard the gospel in a way they can understand it and grasp it's message of hope. They are living without the anchor of Jesus' love in a culture that is constantly pulling them in different directions.

Jamie* has been coming to The YFC Lighthouse for several months. She graduated from a local high school this last June; and has decided to work locally for a year before going to college. The other afternoon she said to me, "YFC has helped me so much to get through the last couple years, I'm not sure I could have made it through without your support."

Here at YFC, we recognize how important it is for young people to have good, Christ-centered relationships; both with other students as well as adults. For many of the kids we see each week, a YFC volunteer may be the only adult they know who is a believer.

Blessings,
Chuck Rudolph

Chuck Rudolph
