

Report to the People

2023-2024 School Year

From the Area Director

Tristan* is pretty much a loner. He is a good thinker and fairly bright when it comes to school, but he doesn't have any focus in his life. He drifts on a troubled sea from one thing to another, and even we only see him sporadically.

Tristan needs Jesus in his life. In this troubled culture that pushes kids to be better than everyone else, and yet rewards them for doing next to nothing; he feels the pressure to prove himself, but without focus and an anchor, this is impossible to do.

Would you pray for him, and all the kids we come in contact with? Specifically, that God would draw them to Himself through our relationship with them, and that He would be glorified in their lives.

While it has been a very active year of ministry, our finances have not kept up. We lost two very large gifts from foundations over the last few months, and this has caused us to cut back in ministry to be living within our means. **We have also been given a generous gift of \$10,000 to be matched.** Would you consider an extra gift this month to be doubled?

In the long run, to make up for those missing foundation gifts, we need to raise an extra \$2,500 per month in new or increased giving. I am excited to see how God is going to supply these needs.

Thanks for being a part of this ministry through your giving and through your prayers.

God's Richest Blessings to You,

Chuck Rudolph
